MONEY AND EXCHANGE.

Call money ruled at 5/26 per cent. There was little doing in time money, contracts for all periods being made at 6 per cent. The commercial paper market was without feature. Few transactions were made and only the highest grade paper was marketed, rates for all periods ruling at 8 per cent.

The foreign exchange market was firm, with no material change in general conditions. Gold to the amount of \$2,000,000 was taken for export. Closing rates for actual business were as fol-

The New-York News Bureau to-morrow will say: Vice-President Thomas M. King, of the Baltimore and Ohio Railroad Company, makes the following statement in relation to the persistent rumors affecting the financial credit of the company: "You may unqualifiedly deny the rumor that the Baltimore and Ohio Railroad is selling its holdings of Western Union Telegraph Company stock; not a single share of the stock has been disposed of; also the reports of an impending default on the part of the Baltimore and Ohio Railroad Company or any of its affiliated lines. The money to meet all interest charges due January 1, 1896, for all lines has been provided for, and is now in bank. Finally, the report that the management has discussed the issue of from \$10,000,000 to \$15,000,000 of new preferred stock is entirely without foundation in fact."

"Dun's Review" for this week has this to say of the business situation: "The sudden panic checked business in many departments, and the industries cannot be expected to show signs of improvement until the new year begins. Orders have for months been so much smaller than they were in the summer, when production was expanding and prices mounting rapidly, that new causes of uncertainty have the more influence. Bessemer pig has declined 25 cents more at Pittsburg, the Bar Iron Association has reduced its price, not yet to the rate at which steel as well as iron bars are actually solid, and in most departments this industry suffers from the speculative advance in prices and production last summer. It is noted that Bessemer and open hearth steel were offered at the same price in bids on 6,000 tons which a Pittsburg mill will produce for appraisers' stores here. Minor metals are a shade lower. Coke makers, after three meetings, decided not to fix prices except by months, and a combination of Messabi ore producers is no longer expected. Anthracite coal is selling at \$3.40 in New-York harbor. In the grea

The committee to-day advertises that holders of the certificates representing Union Pacific first mortgage 6 per cent bonds will, after January 1, on presentation of their certificates to either of the depositaries mentioned in the plan of reorganization, receive cash for the defaulted interest, which will be due on that date. It is understood that the committee has already secured majorities of all the first mortgage rall-way bonds afloat, excepting an inconsiderable shortage on one class, and as to that its assurances of majority deposits are complete. It is also understood that the committee controls a large majority of all uncalled Omaha Bridge bonds, and that it regards the success of the plan as already assured, so far as deposits are concerned.
